

Paige Panda MA, MFT
Chief Development Officer, Senior Advisor to the President

Paige Panda has over 20 years of experience in development primarily at medical centers and universities. During her tenure at each institution, Paige worked closely with internal and external stakeholders to conceptualize, plan and execute strategies to raise important philanthropic funding. She approaches philanthropy as a deeply personal decision with power to bring transformative, impactful change to historic institutions.

An experienced fundraiser with campaign planning, board engagement and major gift experience, she brings vast development knowledge to projects, engaging everyone she works with through a high degree of professionalism.

Paige has helped organizations coach Board members and volunteers on their role in fundraising; she has led staff presentations on donor solicitations and purposeful stewardship and cultivation.

In 2019, Ms. Panda served as on-site philanthropic counsel at Gaylord Specialty Healthcare where she co-designed and led the restructuring of the Development office to efficiently support their comprehensive campaign. Later as an advisor to the President, she closed several historic gifts, one launching a transformative research hub dedicated to delivering superior patient outcomes.

She serves as Chief Development Officer leading the Think Possible campaign, implements high-level strategy for Presidential relationships, strategic initiatives and manages the Hospital's Campaign and Development teams.

Ms. Panda is a graduate of Villanova University.
