Madison, CT

Outpatient Services - North Haven

8 Devine Street
North Haven, CT

Rehabilitation Program
2025 Outcome Report

GAYLORD'S REHABILITATION PROGRAM:

We bring together an array of resources, **advanced technology**, plus a **team of highly experienced providers**, to offer each patient an individualized approach to treatment.

Our inpatient and outpatient programs are designed to support patients at each stage of their recovery, helping them adapt to their lives post-injury or illness, **maximize their independence** and reenter their communities.

Since every patient is different, our interdisciplinary team customizes a program based on their specific needs, whether they have experienced a **spinal cord injury, brain injury, stroke**, or other **neurological complication** or need rehab following a multi-trauma with **broken bones, amputation** or **multi-system failure**.

ABOUT GAYLORD HOSPITAL:

A nonprofit, 137-bed specialty hospital, also known as a long-term acute care hospital, Gaylord specializes in medical management and rehabilitation for patients who have experienced an acute illness or a traumatic accident.

Gaylord is among the best in the country at helping patients recover and return to the highest quality of life. From simple to catastrophic situations, we bring together all of our clinical resources to deliver the best possible outcomes.

By offering a continuum of care from inpatient to outpatient services, Gaylord can meet the needs of our patients through every stage of recovery.

Rehab Program Average Length of Stay

Discharge Location

All Program Graduates

Rehab Program Age of Patients Served

Age 14-18	21 patients	2.2%
