## Brain Injury Program | 2023 Outcome Report

# GAYLORD'S BRAIN INJURY PROGRAM:

Our team of highly experienced providers uses an array of resources, including **advanced technology**, to offer each patient an **individualized approach to treatment**.

Our inpatient and outpatient programs are designed to support patients at each stage of their recovery, helping them adapt to their post-injury lives, **maximize their independence** and reenter their communities.

Since every brain injury is different, our **interdisciplinary team will customize a program** based on the patient's specific needs.
