

Hartford Business Journal Names “Healthcare Heroes”

We’re proud to celebrate three members of our Gaylord community who were recently recognized with this prestigious award. Caitlin, Dr. Sicklick, and Richard will be honored at an awards reception in November.

Winner, Physician

Alyse Sicklick, MD

Medical Director of Inpatient

Winner, Nurse

Caitlin Cote,

MSN, RN, PCCN, NPD-BC

Director of Gaylord’s Center for Education

Winner, Volunteer

Richard Sills

Brain Injury Peer Mentor and former Gaylord patient

Dr. Sicklick was honored for her leadership in brain injury and stroke recovery and for advancing rehabilitation medicine statewide. [See how Dr. Sicklick is redefining what’s possible in rehabilitation.](#)

Caitlin was recognized for creating innovative training programs that empower the next generation of caregivers. [Discover how Caitlin is shaping the future of healthcare education.](#)

Richard was recognized for turning his personal recovery into hope and motivation for others on their healing journeys. [Read Richard’s story of purpose.](#)

Pat Haskell Named Latest DAISY Award Honoree

Gaylord’s Quarterly DAISY Award for Extraordinary Nursing Care was presented to Pat Haskell, RN on Hooker 1.

Pat was nominated by a colleague who, like nearly everyone else that has worked with her through the years, agrees that Pat is a true “nurses’ nurse.” She is the epitome of bedside presence - in professional skill and grace - and our patient care here at Gaylord is all the better thanks to her.

“There are so many stories to tell of Pat being one of the most extraordinary nurses I have ever met, that it is hard to choose just one. There is one example however, that stands out the most.

Sales Team Joins External Affairs to Amplify Gaylord's Reach

Gaylord is growing—and fast. With the expansion of our Cheshire Clinic, the opening of a new Fairfield Clinic, our growing Physiatry practice, and the new Interventional Pain Center, it is clear that this is a transformational time in Gaylord's history.

With this kind of momentum comes opportunity and competition. In response, Gaylord is aligning key functions to build a stronger, more unified voice in the marketplace. As of this month, the Sales Team, comprised of Doreen Stevenson and Jason Zagorski, has officially become part of the External Affairs Department which is comprised of Public Relations, Marketing, Community Relation and Government Relations.

“Sales is absolutely vital to our growth,” said VP of External Affairs Tara Knapp. “Doreen and Jason are on the front lines building relationships and strengthening referral pipelines. Aligning them with our other external-facing teams ensures that we’re telling one cohesive, powerful story about Gaylord—everywhere we go.”

As part of this organizational shift, Doreen and Jason will report directly to Kevin Johnson whose title has been updated to Sales Manager and Legislative Liaison. Kevin brings decades of experience in sales leadership and is well-suited to guide this team in its next chapter. Kevin will also work with the inpatient Regional Healthcare Managers to support their efforts in the field and align our overall institutional message.

The focus on sales and external messaging is more important than ever to help Gaylord compete successfully and market our clinical expertise, unique program offerings, and exceptional patient outcomes.

DAISY Award (cont.)

One of Pat's patients was declining and unfortunately, was put on hospice during her shift. She showed an abundance of compassion, love, and patience towards this patient and his family. Pat stayed beyond her scheduled shift to see him through, providing the most comfortable and dignified transition she possibly could. She regularly goes above and beyond for her patients, not out of obligation, but out of genuine care—and she shows that on a daily basis. “

“As an aspiring nurse at the time, this was a great example of how much love and heart go into nursing. I am forever grateful to have had the opportunity to work beside Pat and to have had such a great influence to look up to.”

Pat's compassion and dedication exemplify the spirit of the DAISY Award. She is known among her peers for her calm presence, unwavering empathy, and the comfort she brings to both patients and families during their most vulnerable moments. Her kindness and professionalism leave a lasting impact on everyone she cares for.

Congratulations, Pat!

GAYLORD CENTER
for EDUCATION

**Available to all employees in
Gaylord University.**

Special thanks to all of the presenters in this series!

- **Dysphagia** – Rachel Noia, M.S., CCC-SLP
- **Edema** – Linda Hodgkins, MS, OTR/L, CLT, LANA

- **Sepsis** – David Lobo, MD
- **Wound Care** – Tracy Houle, APRN, CWOCN, CNS-BC

Introducing Gaylord's Hospice Committee

Gaylord now has a dedicated Hospice Committee—a multidisciplinary team committed to ensuring our patients' goals, comfort, and quality of life remain at the center of care.

The committee will collaborate closely with all hospital teams to support compassionate, patient-centered conversations and care planning.

Any staff member can reach out to HospiceCommittee@gaylord.org with questions about hospice and comfort care services, patient referrals, or guidance on navigating difficult discussions.

The team also offers meaningful legacy projects for loved ones, such as creating keepsakes with the patient's thumbprint to honor their memory.

New Employee Group: Energy Management

Ever have one of those days when your energy takes a dip and it's hard to pull back up?

Join Chaplain Janice Lautier for a new Energy Management Group — a hands-on, three-week series designed to help you “take five” and change the direction of that spiral.

**Thursdays,
November 6, 13 & 20 | 4–5 p.m.
Library Collaboration Room**

Each session offers time for reflection and simple, practical tools to help you optimize your energy and stay grounded during stressful moments. All sessions are interactive and based on what each individual may need.

Space is limited to 10 participants on a first-come, first-served basis.

To reserve your spot, or for more details, contact Chaplain Janice Lautier at jlautier@gaylord.org.

Did your co-worker go above and beyond?

Recognize them by filling out a Cheers for Peers Form.

Cheers for Peers forms are located throughout the hospital, off-site locations and offices.

NEAR MISS OF THE MONTH:

What's a near miss? It's an event that might have resulted in harm, but the problem did not reach the patient because of timely intervention by our amazing staff.

This month's recognition includes a **Safety Huddle shoutout**, **FYI feature**, a **gift card** for the submitter, and a visit from the **Safety Gnome**.

Near Miss Reporting can be found on Sharepoint, under Frequent Links: Quick Launch

The Safety Coaches have selected to celebrate a Near Miss submitted in August by **Alyssa Rotman, RN, Clinical Informatics Manager and Quest Lab Manager**.

The report highlighted **Natasha Dempsey, IT Support Coordinator**, for **Practicing a Questioning Attitude** when she noticed a lab courier drop off a blood product to the lab—something that should be delivered directly to

the patient's nursing unit due to time-sensitive administration requirements.

Tasha **ARCC'd up** her concern and contacted Alyssa, who confirmed the delivery time, educated the courier, and notified the unit nurse. Their quick action prevented waste of the blood product and ensured the patient received a timely transfusion.

We'd like to thank the following staff for submitting Near Misses in August:

- Alyssa Rotman
- Grace Gilbert
- Jaime Cassidy
- Todd Belcourt
- Victoria De La Rosa

On behalf of the
Quality & Safety Department,

THANK YOU for
Speaking up for Safety!

BONUS

RECOGNITION: IMPORTANCE OF 2 PATIENT IDENTIFIERS

The Safety Coaches selected an additional Near Miss from August that underscores why verifying two patient identifiers is essential. While verifying Total Parenteral Nutrition (TPN) prior to administration, two RNs discovered that the bag sent was intended for a patient on another unit. They immediately notified the appropriate floor and confirmed the infusions had been switched—preventing a serious error before it reached the patient.

Thank you, Grace Gilbert, for your vigilance and commitment to patient safety!

Have you ever
noticed something
just in time?

You might be
the reason a patient stayed safe.
Reporting it as a Near Miss helps us
learn and improve — and it might even
land you in FYI!

Need to communicate to all staff in a snap?

If you would like a SnapComms screen saver created, please submit a request through JIRA on Sharepoint with detailed information.

Jeans for Charity: Friday, October 17

The featured organization is:

CT Breast Health Initiative

The Connecticut Breast Health Initiative, Inc. is a state-wide non-profit organization making a significant impact in the quest to find a cure for

breast cancer by providing grants to support education and research in Connecticut. Founded in 2004, it has been their goal to find answers in our lifetime.

[Click here to learn more](https://www.ctbhi.org/) or visit: <https://www.ctbhi.org/>

Employees need a Jeans for Charity sticker or button to indicate their participation.

Stickers can be purchased for \$2 in the cafeteria, Jackson Java, Human Resources, Jackson 2 outpatient, North Haven, Cheshire, Cromwell and Madison.

in

innovator OF THE Month

Caitlin Cote

Congratulations to Caitlin Cote, Director, Center for Education, on being selected as our Innovation Submission of the Month!

Got a brilliant idea for a new product or process improvement?

We want to hear it!

Scan the QR code and share your genius with us!

Caitlin's idea proposes creating an interactive "3D virtual walkthrough" of Gaylord's campus and outpatient locations to showcase our facilities, programs, and environment. By allowing users to navigate through patient rooms, therapy areas, and outdoor spaces, the tour would help prospective patients and families get a true sense of Gaylord's atmosphere before admission.

This idea could also support recruitment efforts by giving potential employees a realistic look at where they would work, highlighting the advanced equipment and collaborative spaces that define Gaylord.

NATIONAL CASE MANAGEMENT WEEK

The Case Managers Creed:

To be a Case Manager, one must be courteous, diplomatic, caring, shrewd, persuasive, assertive, creative, a knowledge expert, supportive, adaptable, possess a business acumen, have the ability to pivot on a dime, be a "Sherlock Holmes..." well, you get the picture. They must understand the concepts of endurance, perseverance, law, physiology, architecture, selling, claims, real estate (yes, they get involved in this too), and be mind-readers.

They are clinicians, coaches, therapists, and above all...Patient Advocates. A Case Manager knows all, sees all, but tells nothing (HIPAA). In addition to their patients and families, they must satisfy the payers, answer the questions of many departments, and answer to many "bosses."

Thank you for all you do and for "going above and beyond,"

- Chris

CELEBRATE
OCTOBER 12-18

Thank you for all you do and for "going above and beyond!"

Gaylord's Recognize A Star program has had an amazing year and it's all because of **YOU!**

Your work and Think Possible attitude are key to our success.

Thank you for all you do and **Congratulations** on your STAR status!

On October 8, we welcomed back our grateful patients to reconnect with their dedicated clinicians at our biannual Recognize a Star reception. We would like to extend a heartfelt thank you to all the donors and staff who attended the event and shared their stories of gratitude. If you connect with any grateful patients please contact Priti Kapoor at pkapoor@gaylord.org

Recognizing Patient Financial Services during Patient Accounting Week

OCTOBER 13-19 IS PATIENT ACCOUNTING WEEK, a time to acknowledge the dedication and accomplishments of our Patient Financial Services (PFS) team.

Over the past year, the PFS department achieved outstanding results while supporting both our patients and the financial health of Gaylord. The team not only met but consistently exceeded cash collection goals, even reaching the highest cash collection month in the history of Gaylord.

Behind the scenes, the PFS team works tirelessly to ensure claims are managed correctly, denials are resolved, and to maintain the financial strength that allows Gaylord to continue providing world-class care. Their focus, efficiency, and teamwork are key drivers of our hospital's ongoing success.

Please join us in celebrating and thanking the Patient Financial Services team for their outstanding contributions, not only during Patient Accounting Week, but throughout the year.

Thank you!

Did You Know?

PFAS AT A GLANCE...

- **EVERY BILL MATTERS:**
PFS manages all hospital billing—from insurance claims to patient statements.
- **HIGH-VOLUME EXPERTISE:**
The team handles tens of thousands of transactions each year with accuracy and care.
- **PATIENT SUPPORT:**
Staff guide patients through coverage questions, billing explanations, and payment options.
- **PROTECTING THE HOSPITAL:**
PFS resolves denials and ensures accurate reimbursement.
- **RECORD-BREAKING ACHIEVEMENT:**
In 2025, PFS reached the highest monthly cash collections in Gaylord's history—without adding any staff!

Did you know Gaylord holds a weekly 'Photo of the Week' Contest on the intranet homepage?

Share your amazing photos with us and your photo may be chosen for display on the intranet homepage for one week for all to see. Please email photo entries to publicrelations@gaylord.org with your name, department, title and brief description of the photo.

THE RESEARCH ROUNDUP

PROJECT TITLE
TeleSitter® Program: Reducing Falls and Costs in the LTACH Setting

PROJECT LEAD: NICOLE MORRILL, MSN, RN
UNIT: LYMAN 1

PROJECT SUMMARY: Gaylord Specialty Healthcare implemented a continuous video monitoring system—known as the **TeleSitter® program**—to address patient safety challenges in the long-term acute care hospital (LTACH) setting. The initiative aimed to reduce inpatient falls and the need for costly 1:1 sitters while maintaining high levels of care and staff efficiency.

WHAT INSPIRED THIS PROJECT?

Falls are among the most frequent and serious patient safety events in healthcare. In the LTACH environment—where patients are encouraged to regain mobility early in recovery—the risk is even higher. Meanwhile, 1:1 sitters are both labor-intensive and financially unsustainable. Gaylord’s team sought an innovative, scalable solution that would preserve safety while easing staffing demands.

THE APPROACH

Using continuous virtual monitoring technology, Gaylord introduced a TeleSitter® program that allows trained staff to observe multiple patients at once and quickly alert on-unit nurses if intervention is needed. Over a 20-month period, data was collected and compared to historical benchmarks.

IMPACT ON PATIENTS & STAFF

For patients:

- Fewer falls and related injuries
- Enhanced sense of safety and support

For nurses:

- Reduced workload strain
- Improved situational awareness
- Greater confidence in patient monitoring

KEY FINDINGS

- ✓ Falls decreased from an average of 17.2 to 12.9 per month.
- ✓ Sitter hours dropped from 1,428 to just 140 per month.
- ✓ Annual savings exceeded \$3.2 million.

The TeleSitter® system proved to be a cost-effective, high-impact intervention for patient safety and resource optimization.

TAKEAWAY

The study shows how technology can enhance patient safety and resource management in the LTACH setting—demonstrating how data-driven innovation benefits both patients and providers.

BY THE NUMBERS: TeleSitter® Impact

Metric	Before Implementation	After Implementation	Result
Falls per Month	17.2	12.9	↓ 25%
1:1 Sitter Hours per Month	1,428	140	↓ 90%
Sitter Full-Time Equivalents (FTEs)	8.2	0.8	↓ 7.4 FTEs

ADVICE FOR ASPIRING RESEARCHERS

“Start with a real-world problem your team faces every day. Collaboration is key—partner with colleagues across disciplines, and don’t be afraid to think outside traditional models of care. Small innovations can make a huge difference.”

— Nicole Morrill, MSN, RN

Employee Flu Vaccine Program

This is a reminder that the annual influenza vaccine is mandatory for all employees including volunteers, students, and contract staff per hospital policy and as a condition of employment.

This year's Employee Influenza (Flu) Vaccine

Clinics will be held from **Monday, October 13th through Friday, November 14th** in Brooker Lecture Hall, facilitated by Griffin Hospital.

Griffin Hospital will also be offering high-dose for those staff that are 65 and over and will accept all health insurances.

★ Important Reminder:

Griffin Hospital still requires all employees to bring an **ACTUAL PHOTOCOPY of their insurance card-front and back** to any of the flu clinics. Staff at the clinics will not have the ability to make photo copies for employees arriving to get their flu vaccine and may be turned away.

Instructions for scheduling an appointment at one of the flu clinics were emailed.

COVID Vaccine

Infection Prevention is encouraging all eligible individuals to receive the new 2025–2026 COVID-19 vaccine. This vaccine helps protect against severe illness, hospitalization, and death related to COVID-19.

The Connecticut Department of Health has issued interim COVID-19 immunization guidance in preparation for the 2025–2026 respiratory virus season. You can view the full guidance by clicking the Interim COVID-19 Vaccine Guidance Link below:

- <https://portal.ct.gov/immunization/-/media/immunization/provider-page/pdfs/cvp/connecticut-covid-19-updates-and-interim-guidance.pdf?rev=b44120be7ea0432c9b928e5802def055&hash=2B4117AA7C90DE28964C6C1815AD1C65>

Gaylord will NOT be offering the COVID-19 vaccine onsite.

You can find a vaccination location near you by visiting: <https://www.easyvax.com/>
If you receive the vaccine, please **forward documentation** of your vaccination to:
CovidVaccine@gaylord.org

Thank you for doing your part to keep our community healthy and safe.

Sonia Belcourt BSN, RN, CIC, Manager, Infection Prevention

GaylordGives
Building the Future **Together**

What does my gift benefit? **You choose!**

Gaylord Fund

The Gaylord Fund is an unrestricted fund that supports the hospital's greatest needs throughout the year. Last year, more than half of employee gifts to the Gaylord Fund helped provide tuition reimbursement for staff, staff wellness initiatives, special projects, and professional development. Contributions to the Gaylord Fund give Gaylord the flexibility to respond quickly to emerging needs, advance our mission, and ease pressure on the operating budget in lean times.

Special Needs Fund

The Goff Memorial **Special Needs Fund** provides financial assistance to Gaylord patients who are unable to afford items or services essential to their care and recovery. Support from this fund may cover non-insurance-covered medical equipment, select household expenses, Aquasize classes in Gaylord's therapeutic pool, clothing, inpatient haircuts, meals, and transportation – helping patients maintain dignity, comfort, and independence throughout their recovery journey.

Technology

Employee Giving for **Technology** helps keep Gaylord at the forefront of rehabilitation medicine by modernizing and updating equipment across the hospital. A key priority in the coming year is the Luscomb Gym Renovation, where advanced technology will transform the space into a state-of-the-art environment for patient therapy. From robotics and virtual reality to voice recognition and telemedicine, these innovations ensure our patients have access to the most effective tools for recovery and the best possible outcomes.

GaylordGives
Building the Future **Together**

En qué beneficia mi regalo?

Tu eliges

Fonda Gaylord

El **Fondo Gaylord** es nuestro fondo sin restricciones que apoya las necesidades más urgentes del hospital durante todo el año. El año pasado, más de la mitad de las donaciones de los empleados al Fondo Gaylord contribuyeron al reembolso de matrículas del personal, iniciativas de bienestar, proyectos especiales y desarrollo profesional. Las contribuciones al Fondo Gaylord le brindan a Gaylord la flexibilidad para responder rápidamente a las necesidades emergentes, impulsar nuestra misión y aliviar la presión sobre el presupuesto operativo en tiempos de escasez.

Fund Fondo de Necesidades Especiales

El **Fondo de Necesidades Especiales** de Goff Memorial brinda asistencia financiera a los pacientes de Gaylord que no pueden costear artículos o servicios esenciales para su atención y recuperación. El apoyo de este fondo puede cubrir equipo médico no cubierto por el seguro, ciertos gastos del hogar, clases de Aquasize en la piscina terapéutica de Gaylord, ropa, cortes de pelo para pacientes hospitalizados, comidas y transporte, lo que ayuda a los pacientes a mantener su dignidad, comodidad e independencia durante su recuperación.

Tecnología

Las donaciones de empleados para tecnología ayudan a mantener a Gaylord a la vanguardia de la medicina de rehabilitación mediante la modernización y actualización de equipos en todo el hospital. Una prioridad clave para el próximo año es la renovación del Gimnasio Luscomb, donde la tecnología avanzada transformará el espacio en un entorno de vanguardia para la terapia de pacientes. Desde la robótica y la realidad virtual hasta el reconocimiento de voz y la telemedicina, estas innovaciones garantizan que nuestros pacientes tengan acceso a las herramientas más efectivas para su recuperación y los mejores resultados posibles.
