

Gaylord Achieves Three-Year CARF Accreditation

*A message from Lori Vickers,
Manager of Accreditation and
Service:*

We are pleased to announce that we have officially received our 3 year CARF accreditation! Congratulations everyone. Thank you again for all of your hard work leading up to the survey and your participation in the survey.

As expected, the recommendations that we received were mainly related to data and analysis of data. There were no recommendations for patient care or safety which is a testament to the wonderful work that you all do day in and day out. Additionally, consistent with our exit interview, we received many glowing compliments regarding our facilities, our staff, the patient care provided and the services we offer. I feel the following statement in our accreditation decision report sums it up well: **Continued on page 4**

Fairfield Clinic Awarded the Gaylord Cup

The Fairfield Therapy Clinic was the recipient of the October Gaylord Cup, recognizing an outstanding first year of growth and clinical service.

Chief Operating Officer Pete Grevelding shared that when Gaylord opened its Fairfield clinic, it represented an opportunity to expand into a community we had long sought to reach, build on a strong community partnership, and

create new opportunities for our staff while welcoming new team members to the Gaylord family. One year later, the results speak for themselves.

Since opening its doors, the clinic has delivered more than 8,000 patient visits, demonstrating the demand for Gaylord's specialized services and clinical expertise. **Continued on page 2**

Our mission is to enhance health, maximize function and transform lives.

Gaylord Cup article continued from page 1

Approximately 75% of those visits have been for neurological rehabilitation, including physical, occupational and speech therapy. The remaining 25% have been for orthopedic physical therapy, including sports medicine and performance services focused on rehabilitation and injury prevention.

Meeting this demand has also meant growing the team, with clinic staffing nearly doubling since opening. Just as impressive is the feedback from patients: 98% report being highly likely to recommend Gaylord's services, and the clinic has earned a perfect 5.0-star average on Google Reviews. Congratulations to the entire Fairfield Therapy Clinic team on a successful first year and this well-deserved recognition.

Corey Podbielski Named Supervisor of the North Haven Ortho Clinic

Gaylord is pleased to announce that Corey Podbielski, PT, DPT, OCS has accepted the role of North Haven Ortho Supervisor position.

Corey brings many years of Gaylord tenure across multiple sites both as a supervisor and a front line clinician.

We are very excited for him to take on this new role, as his energy, compassion, and organizational skill set fits very well into the needs of the clinic.

Congratulations to Corey on your new position!

Bob Hall Promoted to Associate Vice President of Facilities

Gaylord is pleased to announce that Bob Hall has been promoted to Associate Vice President of Facilities, Support Services, and Capital Projects.

This change reflects the breadth of Bob's current responsibilities and his contributions to Gaylord, particularly his leadership of capital projects,

construction management, facilities operations, and financial stewardship. Bob has consistently taken on additional responsibilities and helped advance several important initiatives, including the revitalization of our campus grounds, numerous renovations and construction projects, and oversight of an expanding number of departments.

In this role, Bob will continue to lead our facilities and support services while increasing his focus on strategic planning, capital investment, and initiatives that support Gaylord's continued growth and long-term sustainability. His work is vital to maintaining our campus and sites, supporting our clinical operations, and ensuring that our facilities continue to meet the needs of our patients, staff, and organization.

HUMAN RESOURCES UPDATES

Benefit Holiday on October 29

There will be no benefit deductions in today's paycheck (Oct. 29) due to there being three pay periods in October.

CARF article continued from page 1

"The organization indicates an unwavering commitment to enhancing the lives of the persons served and strengthening the communities it supports through the delivery of high-quality, person-centered services. Throughout the organization, there is a clear culture of hope, dignity, respect, and safety that benefits both persons served and staff members. The organization is guided by a dedicated, effective, and visionary leadership team that is highly regarded by persons served, community partners, and other stakeholders.

Staff members, many of whom have devoted significant portions of their careers to the organization, fulfill their responsibilities with professionalism, compassion, innovation, and enthusiasm.

The organization showcases strong corporate citizenship and actively fosters collaborative partnerships that advance advocacy efforts and improve outcomes for the persons served. It has successfully embedded the CARF standards into its daily service delivery practices, operational processes, and organizational culture, reflecting a steadfast commitment to continuous quality improvement and excellence."

You should all be proud of the work that you do and the genuine impression that you made on the CARF surveyors.

Thank you!

Did you know there are over 3,000 new training courses available in Gaylord University through UKG!

These courses cover a wide range of clinical and non-clinical topics to support your lifelong learning and professional growth.

Many courses also offer continuing education (CE) credits, making it easier than ever to maintain licensure and expand your expertise.

How to Access Courses:

1. Sign into UKG.
2. Navigate to Gaylord University.
3. Select “Courses” and search by topic of interest.
4. Review the course description to see if CE credits are included.

This is a valuable benefit for all Gaylord employees—take advantage of these opportunities to learn, grow, and advance in your career!

Hands-On Orthotics: Master the Art of Splinting

A lab-intensive course for occupational therapists

Earn
8 CEU
Credits

Course Description

Hands-on Orthotics is a customized, lab-intensive course designed to strengthen orthotic fabrication skills for beginner to intermediate practitioners and hand therapists.

Through hands-on fabrication, participants will build practical skills they can take directly into clinical practice. Orthoses are customized according to the class, and each participant receives a digital course manual.

By the end of the course, participants will be able to:

- Fabricate several custom orthoses
- Identify indications and contraindications for the orthoses presented
- Apply orthotic concepts and techniques to practical clinical situations

Blue Isolation Bracelets No Longer Placed on Wheelchairs

As part of our updated isolation precautions process and effective immediately, blue isolation bracelets will no longer be placed on patients' wheelchairs. This change is being implemented due to identified inconsistencies and inaccuracies in the use of wheelchair bracelets to indicate isolation status.

Blue isolation bracelets will continue to be placed on patients' wrists to clearly identify those who are on isolation precautions.

Thank you for your cooperation in supporting patient safety and ensuring consistent adherence to our isolation precautions process.

Flu Vaccine Clinic Information

It's that time of year again! Our annual Employee Influenza Vaccine Clinics are here. PLEASE take the time to review the information below and plan to receive your annual flu vaccine. The annual influenza vaccine is mandatory for all employees, including volunteers, students, and contract staff, in accordance with hospital policy and as a condition of employment.

Employee Influenza (Flu) Vaccine Clinics

This year's Employee Influenza Vaccine Clinics will be held **now through Thursday, November 12, 2026**, and will be facilitated by Griffin Healthcare. All health insurance plans will be accepted.

Vaccines provided:

- Egg-free
- Trivalent
- High-dose for individuals 65 years of age and older

Next Steps

1. Review the flu clinic schedule (see next page)

Please review the dates and times of the scheduled flu clinics and plan accordingly.

2. Schedule your appointment

Wallingford staff should have received an email from Gaylord University with a link to schedule their flu vaccine appointment. [Click here to schedule your flu shot appointment.](#)

Off-site staff DO NOT need to schedule an appointment. Griffin Healthcare will provide flu vaccination clinics at the designated off-site locations according to the attached schedule.

3. Insurance Card Requirements

Prior to your appointment:

Upload the front and back of your insurance card into UKG. If you have not uploaded your insurance card prior to your appointment: You must bring a photocopy of the front and back of your insurance card to your scheduled appointment.

Important: A digital insurance card displayed on your phone **cannot be accepted.**

4. If you receive your flu vaccine elsewhere

If you receive or have already received your influenza vaccine from your primary care provider or a retail pharmacy, please submit your vaccination documentation along with the attached cover sheet electronically to FluVaccine@gaylord.org

5. Important Dates

Date	Important Information
------	-----------------------

November 12, 2026	Last scheduled flu clinic
November 20, 2026	Last day to submit outside flu vaccination documentation
December 7, 2026	Final list of non-compliant staff submitted to Human Resources

Thank you for helping us protect our patients, coworkers, and community throughout the upcoming flu season. Your cooperation is greatly appreciated!

Clinical Pearl:

When the Holidays Feel Different

The holidays often bring expectations of celebration, gratitude, and togetherness. For patients recovering from serious illness or injury, they may also highlight what has changed: familiar routines, independence, family roles, or the ability to be home. For some, the season brings reminders of earlier losses or traumatic experiences.

A simple question can open an important conversation:

“What are the holidays usually like for you—and what feels different this year?”

Listen before offering reassurance.

Acknowledging “It makes sense that you’re missing that” can help a patient feel understood. Then ask whether there is a tradition, connection, or small choice we can help preserve—a favorite song, a call with someone important, or time for quiet reflection.

CLINICAL PEARL: Make room for mixed feelings. A patient can be grateful for care and still grieve what has changed.

If distress is persistent, interferes with rehabilitation, or includes hopelessness or thoughts of death, further assessment is needed. **Psychiatry is available to help.**

GaylordGives
Building the Future **Together**

What does my gift benefit? **You choose!**

Gaylord Fund

The **Gaylord Fund** is an unrestricted fund that supports the hospital's greatest needs throughout the year. Last year, more than half of employee gifts to the Gaylord Fund helped provide tuition reimbursement for staff, staff wellness initiatives, special projects, and professional development. Contributions to the Gaylord Fund give Gaylord the flexibility to respond quickly to emerging needs, advance our mission, and ease pressure on the operating budget in lean times.

Special Needs Fund

The Goff Memorial **Special Needs Fund** provides financial assistance to Gaylord patients who are unable to afford items or services essential to their care and recovery. Support from this fund may cover non-insurance-covered medical equipment, select household expenses, Aquacize classes in Gaylord's therapeutic pool, clothing, inpatient haircuts, meals, and transportation – helping patients maintain dignity, comfort, and independence throughout their recovery journey.

Technology

Employee Giving for **Technology** helps keep Gaylord at the forefront of rehabilitation medicine by modernizing and updating equipment across the hospital. A key priority in the coming year is the Luscomb Gym Renovation, where advanced technology will transform the space into a state-of-the-art environment for patient therapy. From robotics and virtual reality to voice recognition and telemedicine, these innovations ensure our patients have access to the most effective tools for recovery and the best possible outcomes.

GaylordGives
Building the Future **Together**

En qué beneficia mi regalo? **Tu eliges**

Fonda Gaylord

El Fondo Gaylord es nuestro fondo sin restricciones que apoya las necesidades más urgentes del hospital durante todo el año. El año pasado, más de la mitad de las donaciones de los empleados al Fondo Gaylord contribuyeron al reembolso de matrículas del personal, iniciativas de bienestar, proyectos especiales y desarrollo profesional. Las contribuciones al Fondo Gaylord le brindan a Gaylord la flexibilidad para responder rápidamente a las necesidades emergentes, impulsar nuestra misión y aliviar la presión sobre el presupuesto operativo en tiempos de escasez.

Fund Fondo de Necesidades Especiales

El Fondo de Necesidades Especiales de Goff Memorial brinda asistencia financiera a los pacientes de Gaylord que no pueden costear artículos o servicios esenciales para su atención y recuperación. El apoyo de este fondo puede cubrir equipo médico no cubierto por el seguro, ciertos gastos del hogar, clases de Aquasize en la piscina terapéutica de Gaylord, ropa, cortes de pelo para pacientes hospitalizados, comidas y transporte, lo que ayuda a los pacientes a mantener su dignidad, comodidad e independencia durante su recuperación.

Tecnología

Las donaciones de empleados para tecnología ayudan a mantener a Gaylord a la vanguardia de la medicina de rehabilitación mediante la modernización y actualización de equipos en todo el hospital. Una prioridad clave para el próximo año es la renovación del Gimnasio Luscomb, donde la tecnología avanzada transformará el espacio en un entorno de vanguardia para la terapia de pacientes. Desde la robótica y la realidad virtual hasta el reconocimiento de voz y la telemedicina, estas innovaciones garantizan que nuestros pacientes tengan acceso a las herramientas más efectivas para su recuperación y los mejores resultados posibles.

Gaylord Gives

*Promo valid online only for 20% off through 12/31/2026 at 11:59pm PT. First time buyers only. Offer excludes Nintendo Switch 2 Consoles, Select New Product Releases, PS5 Consoles, Brand & Product Specials, Automotive, Travel, Doorbusters, Flash Sales, and Allstate Protection Plans. Promo code must be entered at time of checkout for discount to be applied. Only one promo code may be used per order. Promo code cannot be combined with other offers. Offered discount applies to cost of products only, not applicable to warranty upgrades. Spend total is based on cost of qualifying products only, and does not include shipping, taxes, installation or other fees. Products and pricing are available while supplies last and are subject to change without notice, so call or go online for the latest offering. Individual eligibility requirements and spending powers may apply. Offer is subject to change and/or end without notice. Go online to purchasingpower.com/exclusions for full details.

**Pricing is based upon 24 pay periods per year, which may vary by customer. Products and pricing are available while supplies last and are subject to change without notice, so go online for the latest offering. Individual eligibility requirements and spending limits may apply.
